### **Available Options:**

**1. Cab:**

- **Open station** (no cab, ideal for low-profile applications)

- **Ergonomic controls** for easy operation in vineyards and orchards

## 2. Hydraulic System:

- **Standard hydraulic flow rate** (80 L/min) for efficient implements
- **Rear remotes** for versatile connection to various farm implements

## 3. Transmission:

- **16-speed mechanical transmission** for precise speed control
- **Power reverser** for easy direction changes

## 4. Axles and Tires:

- **Heavy-duty axles** designed for low ground clearance and tough working conditions
- **Tight turning radius** for maneuverability in narrow spaces

## 5. Power Take-Off (PTO):

- **Rear PTO** with **540 rpm** (standard for most implements)

## 6. Braking and Safety:

- **Hydraulic disc brakes** for reliable stopping power
- **Automatic parking brake**

## 7. Steering System:

- **Power steering** for easy handling in confined areas

## 8. Comfort Features:

- **Basic suspension seat** for comfort during long hours
  - **AM/FM radio** for entertainment
-
